

**Optimize Spray Application Coverages**

# **DELINEATE™**

## **Foam Marker**

- Creates visual confirmation that helps reduce costly skips and overlaps
- Creates tough foam under a broad range of circumstances
- Dissipates after 30 minutes
- Can be tinted to increase visibility

**DELINEATE** is a tough, flexible foam marker formulated to tolerate most weather conditions. **DELINEATE** is easy to use as it includes components that allow the product to perform in practically any water. **DELINEATE** creates a firm, dense foam that persists 30 minutes or more allowing for excellent marking. **DELINEATE** can be tinted to increase visibility.

## IDEAL FOR

- Situations where visual confirmation of an application is needed
- Most weather conditions

## HOW IT WORKS

For best performance, **DELINEATE** should be used with marking equipment that has been cleaned and maintained according to the manufacturer's instructions. Air intake filters, tank screens, and hoses should be checked periodically to ensure sufficient air and liquid flow. **DELINEATE** will dissipate over time automatically.

## HOW TO USE

Add water to the foam marker tank and then add **DELINEATE**. Mix according to equipment manufacturer guidelines.

If foam is runny or watery, put in additional **DELINEATE** until preferred texture and stability are attained. If foam is too thick, add water.

## RECOMMENDED USE RATES

2 pints **DELINEATE** per 25 gallons of water

**Available In:**  
2.5 gallons

## QUALITY ASSURANCE

*Exacto® products are manufactured with pride at our production facility in Sharon, Wisconsin. Each batch is inspected by our Quality Assurance Team to ensure it meets our high standards.*
