NEW FORMULATION

Ideal for marking spray applications

HASH MARK™ GREEN

CONCENTRATED LIQUID MARKING DYE

PRINCIPAL FUNCTIONING AGENTS

Water soluble blue and yellow dyes and components ineffective as a spray adjuvant 100%

All ingredients are exempt from tolerance under 40 CFR 180.

**KEEP OUT OF REACH OF CHILDREN
DANGER**

May cause an allergic skin reaction. May cause allergy or asthma symptoms or breathing difficulties if inhaled. Avoid ingestion, breathing vapors or spray mist. Avoid contact with skin, eyes or clothing. Wear water-impervious gloves, long-sleeved shirt and long pants. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Personal Protective Equipment: Wear chemical-resistant eyewear and gloves, long-sleeve shirt and pants and shoes and socks.

FIRST AID

Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing for several minutes.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes. Call a poison center or physician to specify the appropriate source of emergency medical advice. If skin irritation occurs: Get medical advice or attention.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person. Call a poison center or physician to specify the appropriate source of emergency medical advice if you feel unwell.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration.

NET CONTENTS: 1 U.S. Gallon (3.79 L)

200 Old Factory Road | Sharon, WI 53585, USA | +1 262-456-5200 | www.exactoinc.com

GENERAL INFORMATION

HASH MARK™ Green Liquid is formulated as a visibility enhancement aid that helps applicators to detect spraying inaccuracies such as pattern skips or overlaps.

HASH MARK Green Liquid is water soluble, blends easily with most tank mixes and fades with normal weathering.

- Temporary dye dissipates naturally
 - Application area quickly returns to its natural appearance
- Safe to add to any tank mix
 - Will not affect efficacy of active ingredients
 - Will not injure sensitive turf, ornamentals or other plants

Ideal For:

- Use with pesticide or fertilizer sprays in horticulture, nursery, turf and pest control applications
- Providing spray visibility to show applicators where they have sprayed

DIRECTIONS FOR USE

Follow the recommendations of the most restrictive active ingredient label.

Tank mixtures should only be applied within the label recommendations of every product in the tank mixture.

HASH MARK Green Liquid will not affect application efficacy.

If the active ingredient label does not specify the use of a colorant, follow the directions below. Use only if a colorant is allowed or not excluded on the label.

If the user does not have experience with the mixture being applied, perform a jar test using the order and amounts in the mixture and perform a phytotoxicity test to ensure crop safety.

Note: The recommended concentration of **HASH MARK Green Liquid** may be changed according to the needs of the operations being performed. Higher dosage rates will increase the intensity of the color once it is applied.

USE RATE

Order of addition

Prior to mixing, fill the spray tank with half of the carrier. Then start the sprayer and check to make sure that all valves and gauges work and that there is proper tank agitation.

In general, follow the W-A-L-E-S plan when adding herbicides to a tank mix.

1. Wettable Powders (WP) then Flowables (F, DF)
2. Agitate then add anti-foaming compounds, buffers
3. Liquid and Soluble products
4. Emulsifiable concentrates (EC)
5. **HASH MARK Green Liquid** and other adjuvants

Add ½ to 1 ounce of **HASH MARK Green Liquid** to each gallon of spray solution. The color intensity can be easily increased by adding more colorant until the desired visibility is achieved.

STORAGE AND DISPOSAL

STORAGE: Store locked up. Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. Store between 40° and 90° F.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all local/ regional/ national/ international regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org.

WARRANTY STATEMENT: EXACTO®, INC. (Exacto) represents and warrants that its products are manufactured in accordance with the product's specifications and that its products, at the time of delivery to the purchaser, shall be free from all material defects.
