

RPO™

Soil Wetting Agent

CONTAINS NON-PLANT FOOD INGREDIENTS

Soil Amending Guaranteed Analysis

100% Alkoxylated polyols
100% **Total**

All ingredients are exempt from tolerance under 40 CFR 180.

NOT RECOMMENDED FOR USE AS A FERTILIZER SUBSTITUTE

Information regarding the contents and levels of metals in this product is available on the Internet <http://www.aapfco.org/metals.html>

KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENT

Read entire label for additional precautionary statements. Avoid contact with skin, eyes or clothing. Do not take internally. Do not eat, drink, smoke or chew gum while using this product. In addition, follow precautionary statements on all products used with this material. Consult the safety data sheet (SDS) for specific instructions. For chemical emergency spill leak, exposure or accident, call CHEMTREC: US & Canada: 1-800-424-9300, day or night.

FIRST AID

Have the product container with you if calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing.

IF ON SKIN OR CLOTHING: Wash with plenty of soap and water for several minutes.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

GENERAL INFORMATION

RPO is a concentrated soil wetting agent that improves consistent distribution of irrigation and precipitation throughout the root zone.

RPO immediately reduces wetting resistance associated with localized dry spots (LDS) and environmental stress in turf environments.

RPO is recommended for use throughout the season to improve soil moisture depth and uniformity on golf courses, athletic fields, and recently seeded or established turf in domestic and commercial locations.

DIRECTIONS FOR USE

NOT FOR AQUATIC USE

Refer to the label recommendations of every product used if applying a mixture.

Do not pre-mix with pesticides, nutrients, or other adjuvants before mixing with water.

RPO may be applied with fertilizers, nutrients, or other turf management products. If the user does not have experience with the product or mixture being applied, he should perform a jar test using the order and amounts in the proposed mixture and conduct a phytotoxicity test to ensure plant safety and to determine mixture compatibility.

Caution should be used when applying this or any other product on turf during hot, dry conditions.

USE RATES

RPO is a soil moisture management agent and is NOT effective on foliage. Follow all applications with 1/3-inch irrigation or the equivalent amount of precipitation.

TANK MIXING

RPO can be tank mixed with other products at rates not exceeding 4 oz. per 1000 sq. ft. if the compatibility jar test is satisfactory.

SANDY SOILS

RATE	2 WEEKS	3 WEEKS	4 WEEKS	6 WEEKS
Per 1000 sq. ft.	4 oz. RPO then 2 oz. every 2 weeks	4 oz. RPO	4-6 oz. RPO	7-9 oz. RPO applied with water only
Per acre	88 oz. RPO	1.35 gal RPO	1.35-2 gal RPO	2.35-3 gal RPO

FINE-TEXTURED, NON-SANDY SOILS

RATE	2 WEEKS	4 WEEKS	6 WEEKS
Per 1000 sq. ft.	4 oz. RPO then 2 oz. every 2 weeks	2-4 oz. RPO	3-6 oz. RPO applied with water only
Per acre	88 oz. RPO	0.67-1.35 gal RPO	1-2 gal RPO

SEEDING

To improve moisture distribution in new seed beds use 4 ounces per 1000 sq.ft. in 2 gallons of water, 2 weeks before seeding.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use. Do not store near fire, flame or other potential sources of ignition. Do not contaminate water, food or feed by storage or disposal of this product. STORE BETWEEN 40° AND 90° F.

Disposal: Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org.

WARRANTY STATEMENT: EXACTO®, INC. (Exacto) represents and warrants that its products are manufactured in accordance with the product's specifications and that its products, at the time of delivery to the purchaser, shall be free from all material defects. EXACTO MAKES NO WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, CONCERNING THE PRODUCT, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE DISCLAIMED. FURTHER, IT IS UNDERSTOOD AND AGREED THAT EXACTO'S LIABILITY SHALL NOT EXCEED THE RETURN OF THE AMOUNT OF THE PURCHASE PRICE PAID BY PURCHASER AND UNDER NO CIRCUMSTANCES SHALL EXACTO BE LIABLE FOR SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES. Products for which a warranty claim is made are to be returned transportation prepaid to Exacto's production facility. Any use not in accordance with product directions and precautionary statements, and any modifications or additives to the products, or any adulteration, dilution or alteration by the purchaser shall void this warranty. No employee or representative of Exacto is authorized to change this warranty in any way or to grant any other warranty.
