Ideal for minimizing the effects of hard water

COMPLETION™

WATER CONDITIONING AGENT

PRINCIPAL FUNCTIONING AGENTS

Ammonium sulfate, 2-hydroxy-1,2,3-propanetricarboxylic acid, sodium tripolyphosphate 44%

Constituents ineffective as spray adjuvants 56%

TOTAL **100%**

WA Reg. No. 52467-12007

KEEP OUT OF REACH OF CHILDREN CAUTION

PRECAUTIONARY STATEMENT

Avoid contact with skin, eyes or clothing. Do not take internally. Do not eat, drink, use tobacco or chew gum while using this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear protective eyewear (goggles or face shield), chemical resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

GENERAL INFORMATION

COMPLETION™ is a highly effective water conditioning agent designed to be compatible with most pesticides. **COMPLETION™** contains ammonium sulfate which is well proven as an uptake enhancer in herbicide tank mixes at the standard use rate. It is recommended that **COMPLETION™** be used wherever a pest control product recommends the use of ammonium sulfate or where hard water is a concern for active ingredient performance.

- Minimizes antagonistic interaction between hard water ions and active pesticide ingredients
 - Improves efficacy of tank mix actives
- Use as a replacement for dry or liquid AMS
 - Proven to work at lower use rates
- Easier to handle, transport and store than dry AMS
 - Blends quickly for reduced mixing and loading times
 - No heavy bags that are sensitive to humid storage conditions
- Lowers pH of tank mix
 - Reduces alkaline hydrolysis of pesticides sensitive to high pH

DIRECTIONS FOR USE

NOT FOR AQUATIC USE

COMPLETION™ does not contain oil or surfactant but may be used in conjunction with these products. Use only with pesticides that allow low pH conditions. Do not use with copper-containing actives.

Follow the mixing procedure for the pesticide being used. While **COMPLETION™** may be added at any time, it should be added after any wettable powders or other solid formulations have been thoroughly dispersed, for maximum efficacy and ease of dispersion.

USE RATES

Application	Teaspoons per gallon	Ounces per 5 gallon
Ground	1 - 4	1 - 4
Aerial	2 - 4	2 - 4
Water Conditioning	1 - 5	1 - 5

At the highest use rates, **COMPLETION™** has been shown to work as well as 8 1/2 pounds of dry ammonium sulfate per 100 gallons of water in glyphosate tank mixes.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use. Do not store near fire, flame or other potential sources of ignition. Do not contaminate water, food or feed by storage or disposal of this product.

DISPOSAL: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal if allowed by law. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

WARRANTY STATEMENT: EXACTO®, INC. (Exacto) represents and warrants that its products are manufactured in accordance with the product's specifications and that its products, at the time of delivery to the purchaser, shall be free from all material defects. EXACTO MAKES NO WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, CONCERNING THE PRODUCT, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE DISCLAIMED. FURTHER, IT IS UNDERSTOOD AND AGREED THAT EXACTO'S LIABILITY SHALL NOT EXCEED THE RETURN OF THE AMOUNT OF THE PURCHASE PRICE PAID BY PURCHASER AND UNDER NO CIRCUMSTANCES SHALL EXACTO BE LIABLE FOR SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES. Products for which a warranty claim is made are to be returned transportation prepaid to Exacto's production facility. Any use not in accordance with product directions and precautionary statements, and any modifications or additives to the products, or any adulteration, dilution or alteration by the purchaser shall void this warranty.
