

# GREEN-DURA™

## TURF & DIVOT SAND COLORANT

*Revitalize  
Your Turf*

Colorant

Water  
Conditioner

### **GREEN-DURA: Vibrant colorant for turf, sod, and sports fields**

- UV resistant colorant and spray pattern indicator
- Safe on growing or dormant grass
- May be used to color divot sand
- Reduces the cost of over seeding during the dormant season
- Ideal for high-impact sports turf; won't stain uniforms

### **APPLICATION RATE**

#### **Turf & Sports Fields**

**For non-dormant turf:** Use rates begin at 2.5 gallons (9.46 liters) colorant to 50 gallons (190 liters) water per acre

**For dormant turf:** Use 5 gallons (18.93 liters) colorant to 50 gallons (190 liters) water per acre.

**Divot sand:** Mix 8 ounces (237 mL) of colorant to 8 ounces (237 mL) of water for every 100 pounds (45 kg) sand. Two applications may be necessary for desired coverage. Longer and fuller grass may require the higher rate of GREEN-DURA.

Adjust rates as needed.

### **STORAGE**

**DO NOT FREEZE!** Limited shelf life. Shake well before using. Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

### **SHAKE WELL BEFORE USE**

Package sizes: 2.5 gal
